

Poole, R. S.

R.S. Poole worked as an architect in Britain during the 1940s and 1950s. Poole collaborated with the architect Edmund Douglas Jefferiss Mathews (1907-1992) and was an associate partner in the design of the Technical Service and Development Laboratories at Welwyn Garden City, Hertfordshire in 1956. Poole was an Associate of the Royal Institute of British Architects.
