

James & Bywaters and and Rowland Pierce c. 1929 - 1947

James & Bywaters and and Rowland Pierce was an architectural partnership established in London, England in c.,1935. It was formed when [Stephen Rowland Pierce](#) (1896-1966) joined the existing practice of [James & Bywaters](#) established by [Charles Holloway James](#) (1893-1953) and [Stewart Frank Bywaters](#) in c.1929.

Projects by the partnership included Slough Town Hall (1936), City Hall in Norwich (1938), and Hertford County Hall (1940). The partnership was dissolved in March 1947. It would seem that the practice then reverted to its original name, James & Bywaters. This name was retained until 1963 when it became Saunders Boston Architects.
